

# FAIRUS IN'AM PRATAMA

## LARAVEL BACKEND / FULL-STACK DEVELOPER

Malang, East Java | +62 896-8859-7253 | fairusinampratama@gmail.com  
linkedin.com/in/fairusinampratama | github.com/fairusinampratama

### PROFESSIONAL SUMMARY

Laravel-focused backend/full-stack developer experienced in building operational systems, business workflows, external integrations, and production delivery pipelines. As the sole software developer at an ISP with 1,100+ active customers, developed customer monitoring, e-billing and MikroTik automation, field-registration, and legacy-data migration solutions. Experienced across requirements, database design, application development, CI/CD, deployment, documentation, and production troubleshooting.

### TECHNICAL SKILLS

**Backend:** PHP, Laravel, REST APIs, Authentication & RBAC, Laravel Scheduler, workflow systems

**Frontend:** Filament, React, Inertia.js, Livewire, TypeScript, Tailwind CSS

**Data & Integrations:** MySQL/MariaDB, database design & migration, MikroTik RouterOS, Midtrans, email/WhatsApp APIs, Python web scraping

**Infrastructure & Delivery:** Linux, Docker & Docker Compose, GitHub Actions CI/CD, Coolify, Nixpacks, Proxmox, Git/GitHub

**Additional:** Go/Gin, Node.js/Express, Vue.js, Flutter

### PROFESSIONAL EXPERIENCE

#### PT Skynet Lintas Nusantara - Full-Stack Web Developer

Jan 2026 - Jun 2026

- Served as the sole software developer, building and maintaining internal ISP applications using data from 1,100+ active customer accounts.
- Built Customer Health, a Laravel/Filament monitoring system that checked customer and server connectivity every minute, generated two-hour management reports, and supported outage, maintenance, and technician-ticket decisions.
- Completed a Laravel/React e-billing platform with working MikroTik isolation and reconnection automation; created a Python scraping and migration pipeline that cleaned and reconciled 3,000+ legacy records for internal applications.
- Built Saleskit for technician registrations with KTP images, GPS/map capture, conditional lead data, and admin review; prototyped PaddleOCR-assisted identity extraction and deployed internal applications through Coolify/Nixpacks on Proxmox-hosted Linux infrastructure.

#### Jobnation IT Outsource - Full-Stack Web & Mobile Developer Intern

Oct 2025 - Nov 2025

- Contributed to four client projects spanning Laravel web applications, a Flutter mobile application, and a responsive landing page.
- Resolved bugs and implemented ticket-based features, UI updates, and REST API integrations within existing codebases.

#### PT PG Kreet Baru Malang - Web Developer Intern

Jul 2024

- Completed a Native PHP and Bootstrap work-permit application with multi-level approval and signature workflows for administrative users.

### SELECTED PROJECTS

#### TinggalJalan - Travel Booking & Operations Platform | [Live](#) | [GitHub](#)

Built and deployed a multilingual Laravel 13/React/Inertia travel platform with a Filament admin panel, tiered pricing, booking workflows, Midtrans payments, and email/WhatsApp communications. Implemented GitHub Actions CI/CD with automated tests and builds, immutable release artifacts, atomic Hostinger deployments, database backups, health checks, and code-rollback safeguards.

#### E-Letter - Secure Digital Correspondence System | [Live](#) | [GitHub](#)

Designed role-based correspondence workflows for six organizational roles using Laravel and Livewire; implemented ECDSA signatures, SHA-256 hashing, QR verification, PDF generation, and structured black-box testing.

### EDUCATION, LEADERSHIP & LANGUAGES

#### UIN Maulana Malik Ibrahim Malang

2021 - 2025

Bachelor's Degree in Informatics Engineering | GPA 3.83/4.00 | Completed in 8 semesters

#### UKM Mapala Tursina - General Secretary (2024), Organizational Advisor (2025)

Led organization-wide administration, mentored junior secretaries, trained three generations of mountaineering members, improved navigation and GIS training materials, and coordinated expedition planning and documentation.

**Languages:** Indonesian (Native) | English (Professional working proficiency) - Test of English Proficiency 536, UIN Malang (Jun 2025)
